- Optional year-long work placement
- Award winning Careers Service: <https://www.ncl.ac.uk/careers/>
- A range of work experience opportunities both internal and external to the university

"The most enjoyable part of the course was that all staff and technicians were approachable and helpful. There was a really good staff-student relationship which enabled myself and my peers to gain additional expertise and guidance."

Millie, Class of 2020

Excellent student support

- Dedicated academic support team
- Each student has easy access to a personal tutor and course advisor – it's never difficult to find someone to talk to
- A wide range of Faculty and University support services are available, including study skills, maths and writing support

Russell Group status

- Teaching delivered by world-renowned researchers academic support team
- Access to brand new state-of-the-art Sport and Exercise Science laboratories and equipment
- The Faculty of Medical Sciences is ranked 8th in the UK for Medicine and Life Sciences Research (Research Excellence Framework 2014)

"I fell in love with the city at the open day and liked how the course was brand new and there was a plan to keep the numbers small. The reputation of Newcastle University for research tipped it as my first choice."

Abbie, Class of 2020

A fantastic city

- Newcastle's social life is highly rated by students in the Times Higher Education Student Experience Survey.
